PROFESSIONAL SUMMARY

My name is Sumit Kumar, I'm an experienced web developer. I am a solution-oriented and problem-solving individual. In addition to being highly skilled in communication and collaboration, I am also experienced in technical documentation. I have also worked as a freelancer on a few projects.

AREAS OF EXPERTISE

My expertise lies in several computer languages, including C, C++, Java, Python, HTML, CSS. Additionally, I am proficient in two languages: Hindi, which is my first native language, and English, which is my second advanced language.

PROFESSIONAL EXPERIENCE

As this is my first job, I have no experience as a web developer, but I have freelanced as a typist several times in the past.

RELEVANT PROJECTS

During my training course on internshala, I did a project on PG lite and created a portfolio website for myself. So, my two project are:-

PG Lite

Portfolio Website
